service

LED light is used

can be done during some other
services ask before booking

last 3 to 6 months depending on
food, drink or smoking habits

home care

- *teeth will continue to brighten 24 hrs after
treatment*
- *be careful of food or drinks with lots of colouring
(red wine, coffee).*
- *you can eat or drink right away because stain X
was applied to the teeth*
- *if sensitivity occurs coat, (not brush) the teeth
with toothpaste*
- *do not brush or use mouthwash for 12 hours*
- *if gel got on gum line and is sensitive apply
vitamin E to those areas*
- *if any, natural teeth markings may appear &
settle after 24 hours once teeth are re hydrated*

not recommended

if you have had adverse reaction to:

*hydrogen peroxide, peppermint, vitamin E, baking soda or
have had or are having within 6 months dental restorations placed*
